

Join Napa Valley Wine Academy and German Master of Wine, Romana Echensperger for a world-class 8 days, 7 nights educational trip exploring the wines, wine regions and culture of Germany.

This special wine tour takes you to the German wine rivers Rhine, Nahe and Mosel. There you will get a diverse impression of the German wine culture and the unique wines it produces. We will travel with you to the origins of Riesling and Pinot Noir. We walk through famous vineyard sites, explore historic wine cellars as well as the growths of promising newcomers. We also visit the University Geisenheim, one of the most important wine universities in the world. There we will get an insight into climate impact research as well as into the work of the first and so far only research center for organic and biodynamic viticulture worldwide.

In addition to the wineries, we offer a diverse cultural program. In addition to the unique cultural landscape, millennia-old cities are waiting for you to stroll through. Likewise, we would like to show you that enjoying German cuisine no longer means "sauerkraut and schnitzel".

We have arranged this trip with the German Master of Wine Romana Echensperger. She will be our tour guide and open doors for us that would otherwise remain closed.
